The People's Railway Company
Wants a Franchise.

ITS APPLICATION TO COUNCIL.

Was Presented Last Evening—It is
referred to the Committee on Ordina-
nces—The Angie Strong Liquor
Application Rejected by Council.
The Second Branch Adjourns Sud-
denly and Holds up Business.

The city council held a regular meet-
ing last night, and the session was re-
markable in some respects. The second
branch was as a turbulent youngster
jumping about in a fog for nearly two
hours, and then adjourning without
naming the brothers across the hall,
consequently the first had to stop then
and there with a batch of "unfinished
business" on its table.

The business transacted included the
adoption of an agreement with the Uni-
ted States Fertilizer Company to de-
stroy the city's garbage; the grant of
about one hundred liquor licenses and
the rejection of the Angie Strong peti-
tion, and the presentation of a petition
by the "People's Railway Company."

The second branch passed on a lot of
bills, but adjourned before they were
taken up by the first, so they will lay
over until the next meeting of council.

The motion to adjourn in the second
branch was evidently adopted without
due consideration. The first branch
was indignant over the matter, but
President Maxwell maintained that the
first could have proceeded with the
business sent to it. There was a differ-
ence of opinion about it, and City Soli-
citor Nesbitt was unable to decide de-
finitely at that stage.

Mr. Healy was elected to the chair in
the second branch, owing to the ab-
sence of President Maxwell, who arrived
later, however. Mr. Healy had his
troubles. A number of the councilmen
didn't understand the fertilizer agree-
ment's provisions very well, and their
questions led to a discussion, which
was very vague at intervals. Then the
Angie Strong petition provoked a score of
motions and amendments, and those
against the petition inadvertently
moved to grant it. They got in their
work through, by passing a motion to
reconsider their former vote.

The first branch concurred in all busi-
ness it had time to consider, but the
fertilizer agreement only received eight
votes in its favor to five against, which
not being a two-thirds vote as re-
quired, necessitated its postponement
until the next meeting.

The objectors wanted a more
liberal supply of gas for the crea-
tory from the gas company. A motion
to reconsider prevailed, and the
agreement, practically an ordinance,
was adopted by a proper majority, a
member changing his vote.

CITY CLERK'S REPORT.

THE FERTILIZER AGREEMENT.

The next document on the desk was
the agreement between the United
States Fertilizer Company, and the
Natural Gas Company of West Vir-
ginia, to which agreement the city is a
party. The agreement, which was in
printed form, similar to an ordinance,
referred to the city's proposed contract
with the fertilizer company for the de-
struction of the city's garbage. Amend-
ments fixing the wages of the superin-
tendent and assistant superintendent of
the crematory, Louis Scarg and Albert
Orum, at \$50 and \$30 per month re-
spectively, were presented by Messrs.
Fox and Kurtz and adopted.

The features of the agreement apply-
ing to the cost of the gas to be furnis-
hed provoked some inquiries and discus-
sion. Mr. Miller raised the point that
the city couldn't fix the price for the
fertilizer company. City Solicitor Nesbitt
was called in and gave a lucid explana-
tion of the agreement's provisions re-
garding the city's connection with the
gas company. Under an agreement
made in 1892, the gas company furnis-
hed free gas for the crematory, and the
gas company agreed to furnish 10,000
cubic feet daily to the fertilizer com-
pany, provided it is released from its
agreement to sell gas. Then there were
provisions in case of break-downs. The
various details were rather foreign to
some members who hadn't been in touch
with the negotiations, consequently the
city solicitor's opinion was bread upon
the matter. The questions asked him
were more or less amusing.

The agreement was finally adopted
unanimously by the second branch. The
only change made was the increase in
salary of the two men the fertilizer
company is to employ.

LICENSE APPLICATIONS.

The committee on petitions and recom-
mendations submitted its recommen-
dations for liquor licenses. The fight on
the Angie Strong petition opened early,
there being several motions simultane-
ously to reject. Mr. Fitzsimmons got
there first. The application was defeat-
ed, the vote standing in the second
branch, four for and seventeen against,
as follows:

Ayes—Bloomfield, Bradbury, Kurtz,
Hitter.
Noes—Beckett, Caldwell, Fair, Fitz-
simmons, Fox, Gans, Hays, Kindelber-
ger, Kautzer, Korn, Long, Marschner,
Miller, Weisberger, Worris, Zeigler, Presi-
dent Maxwell.

President Maxwell had entered the
chamber a few minutes before the ques-
tion was put, and after the vote was
announced, he claimed that the Strong
application had been granted. Chair-
man Healy had put the question in a
negative light, hence those whose in-
tention it was to reject, had voted for
the license.

Mr. Maxwell's statement created a
sensation, and there was a motion to re-
consider.
The fate of the Strong petition hung
in the balance while motions and
amendments were filed at the chair.
Mr. Healy craved the second branch's

pardon for not keeping a better track of
the proceedings, saying it was his first
time in that capacity. Things were
very much mixed up for awhile.
It was decided that the committee's
first had been approved of. So there
was an amendment to reject the Strong
petition. Before this was put Mr.
Bradbury offered a second amend-
ment that there be included with the Strong
petition, those of Wilkie & Tyson, V.
Lieberth, William Sherry, Joseph Barum,
John G. Kline, and George Landmesser.
"Let all these places stand or fall to-
gether," said Mr. Bradbury.

Mr. Healy then called President Max-
well to the chair, and then business
started to move with a snap.

The vote to reject the Strong petition
was taken and the petition was defeat-
ed by the vote stated above. Mr. Brad-
bury's amendment was defeated. That
settled the matter, after an hour's de-
lay. About one hundred licenses were
granted.

ANOTHER STREET RAILWAY.

Mr. John J. Coniff presented a peti-
tion in the first branch, in behalf of the
"People's Railway Company," which
was referred without discussion to the
committee on ordinances. The commu-
nication was as follows:

To the Honorable Mayor and Council of
the City of Wheeling:

Gentlemen:—Your petitioner desires the
privilege of constructing and maintaining a
street railway in the city of Wheeling,
and would respectfully ask that you refer
the request to your committee on ordina-
nces, that we may have the opportunity
of laying before said committee our pro-
posed plan of construction, and that the com-
mittee may report to you such action as it
may deem proper to recommend.

Yours Respectfully,
THE PEOPLE'S RAILWAY CO.
by John J. Coniff,
Attorney.

OBJECTED TO ORDINANCE.

Mr. Miller objected to a second read-
ing of the ordinance relative to gar-
nishment of wages of city employees, so
it went over for two weeks.
Mr. Healy wanted printed copies of
the license tax ordinance, and consid-
eration of this ordinance was therefore
deferred.

MISCELLANEOUS BUSINESS.

An auctioneer's license and a license
to conduct a billiard parlor were granted
to J. C. Hervey and O. A. Stadler.

A claim for damages was presented
by Fred Kupski, who claimed that his
house had been injured by excavations
made by the city; referred to the com-
mittee on claims.

Several petitions for paving were re-
ferred to committee on streets, alleys
and grades.

CATARRH OF THE STOMACH.

A Pleasant, Simple, Safe but Effective
Cure for It.

Catarrh of the stomach has long been
considered the next thing to incurable.
The usual symptoms are a full, or
bloated sensation after eating, accom-
panied sometimes with sour or watery
risings, a formation of cases, causing
pressure on the lungs and heart and
difficult breathing; headache, loss of ap-
petite, nervousness and a general play-
ed out and languid feeling.
There is often a foul taste in the
mouth, coated tongue, and if the inter-
ior of stomach could be seen it would
show a slimy, inflamed condition.
The cure for this common and obstinate
disease is found in a treatment
which causes the food to be readily and
thoroughly digested before it has time
to ferment and irritate the delicate mu-
cous surfaces of the stomach.

To secure a prompt and healthy diges-
tion is the one necessary thing to do,
and when normal digestion is secured
the catarrhal condition will have disap-
peared.

According to Dr. Harrison the safest
and best treatment is to use after each
meal a tablet, composed of Diastase,
Aspicin, Pepsin, a little Nux, Golden
Sesl and fruit acids.
These tablets can now be found at all
drug stores under the name of Stuart's
Dyspepsia Tablets, and not being a
patent medicine, can be used with per-
fect safety and assurance that healthy
appetite and thorough digestion will fol-
low their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn
Street, Chicago, Ill., writes: "Catarrh is
a local condition resulting from a neg-
lected cold in the head, whereby the
lining membrane of the nose becomes
inflamed and the poisonous discharge
therefrom, passing back into the throat,
reaches the stomach, thus producing cat-
arrh of the stomach. Medical authori-
ties prescribe for me three years for
catarrh of the stomach without cure,
but to-day I am the happiest of men
after using only one box of Stuart's
Dyspepsia Tablets. I can not find ap-
propriate words to express my good
feeling. I have found flesh, appetite
and sound rest from their use.
Stuart's Dyspepsia Tablets is the safest
preparation as well as the simplest
and most convenient remedy for any
form of indigestion, catarrh of the
stomach, biliousness, sour stomach,
heartburn and bloating after meals.

Sent for free mailed free, on stom-
ach troubles, by addressing to E. A.
Stuart Co., Marshall, Mich. The tablets
can be found at all drug stores.

AMUSEMENTS.

"1492," the musical extravaganza,
which ran for two years in New York
to enormous receipts, is to be presented
at the Opera House next Saturday.
The piece is a satire on the Columbus epi-
sode of 1492, presenting a lavish stage
embellishment. No one ever claimed
much of a plot for "1492." Plots are not
needed in this class of productions.
"1492" is one of those creations of music
and mirth in which the play itself is not
as important as the cast which produces it.
It is a combination of comic opera,
farce, vaudeville and spectacle, a gayer
and glowing display of costly
and elaborate scenery, handsome cos-
tumes and young and pretty women.
In the "1492" of former days interest
has always centered in the man who
played Isabella, the daisy queen, and
the latest aspirant is Stuart, "the male
Fatale."

An exchange says:
"Stuart presents a representation of
a woman that needs to be seen. He
may be tall, but he is queenly; and he
may be a man—if he were not the
chorus girls would not smile so fetch-
ingly upon his appearance. Without
being compelled to tell the audience
that he is a man who is acting as a part,
Stuart manages to deceive a great
many of the people until that stage in
the play is reached where in one of his
specialties he makes use of his male
voice in such a manner that there is no
mistaking his sex."

"THE GEISHA."

A story of a tea house, the prettiest
of all comic opera productions of late
years, in that it "The Geisha." Augus-
tin Daly had the unanimous approval of
all London, where it was played for
over two years. The American theatrical
public was not slow to recognize its
merit, and a run of nearly three hun-
dred nights at Daly's theatre, in New
York, was the result. The local man-
agement of the Grand Opera House,
the great pleasure in announcing that "The
Geisha" will appear in this city on
Monday, April 17, at the Opera House,
for the first time in this city, with a
complete production in every way; an
augmented orchestra and the bright-
and prettiest young ladies on the
American stage.

SURLEY, Mass., Feb. 20, 1897.
Gentlemen—Please send me a box of your
remedy for the best remedy on earth, "HYOMEI,"
every day, but I wish to say to you that I have been
troubled with Catarrh in a very bad form for many
years, and during the past year have been attended
by local physicians, also have bought all kinds of
remedies, yet none of them have afforded me any
relief. While in Springfield, Mass., last week, I
purchased one of your "HYOMEI" "Pocket Inhalers."
I have used it faithfully one-week, and now
I would scarcely know that I ever had an affliction
as Catarrh. \$100 would not buy me the inhaler if I
could not get another, and I shall at every opportunity
recommend it to all afflicted with Catarrh
trouble in any form.
Sincerely yours,

BASE BALL.

The Wheeling club yesterday receiv-
ed a letter from President Nick Young,
of the National League and arbitration
board, asking for further evidences of
Wheeling's claim to the services of Ma-
zena and Woodcock. It is peculiar that
Young needs further proof, as the evi-
dence already furnished him seems con-
clusive enough for a wooden man. How-
ever, the information wanted will be
forwarded at once. Affidavits by the
officers of the Springfield club will fig-
ure in this additional evidence; these
will be had before the close of the
week. It will be shown that at the end
of last season, Whistler himself sent to
Young the reserve list of the Springfield
club, and that the names of Mazena and
Woodcock were in that list. After sever-
ing his connection with the Spring-
field, it is alleged Whistler gave the
two players "bunco" releases from res-
ervation for the particular purpose of
getting them for his Syracuse club
without having to pay the price wanted
by Springfield. In the face of these
facts it would be highway robbery to
deprive Wheeling of the services of the
pair.

Outfielder Durrett arrived in town
yesterday, and in the bank of condi-
tion. Lytle, Hunt, Donovan,
and other players will indulge in practice

WRITE A LETTER.

Dr. R. V. Pierce
Buffalo, N. Y.

Many women live where there is no skill-
ful specialist in women's diseases, and still
more cannot afford to pay the high fees
charged. These sufferers should follow the
example of Mrs. Anna Willy, of Northville,
Spink Co., S. Dak., who writes as follows
to Dr. R. V. Pierce, Buffalo, N. Y.:

"I am enjoying good health, thanks to your
kind advice and reliable remedies. I suffered
very much with female ailments for more than
two years, when I wrote to you for advice. After
carefully following your free advice, and taking
six bottles each of Dr. Pierce's Favorite Prescrip-
tion and 'Golden Medical Discovery' I am now
a well and happy woman. I have also taken
several vials of your 'Pleasant Pellets,' which
did me a great deal of good."

Dr. Pierce has probably treated and cured
many cases of female diseases, pains in
the back, side and abdomen, nervousness,
headache, irregularities, ulcerations, tumors
and other female troubles, than any
other living physician. His wide experi-
ence peculiarly fits him to bring about cures
wherever one exists. He charges no
fee whatever to those who write him for
advice, and he invites all to consult him
free by mail. His wonderful remedy,
Dr. Pierce's Favorite Prescription, can be
depended upon to overcome nearly every
kind of disease that afflicts girls and
women. It contains no alcohol, opium, or
other narcotics, and does not create craving
for injurious stimulants, as is so often the
case with other medicines advertised for
women's ailments.

An honest medicine dealer will give you
Dr. Pierce's Favorite Prescription, and not
try to persuade you to take some inferior
substitute for the little added profit he may
make thereon.

Those who wish may enclose 21 one-cent
stamps in their letters, and Dr. Pierce will
send free his 100-page Common Sense
Medical Adviser, which is the most com-
plete and practical family doctor book ever
published, containing over 700 pictures.
The same book, cloth-bound, 31 stamps.
